Juanita O'Brien joins MacDonnells Law

One of Cairns' favourite daughters is refreshing her career in the region by going back to her roots and joining MacDonnells Law as a Lawyer.

Today is a special day for our very own Juanita O'Brien – it's her first day on the job as she joins the Commercial Law team at MacDonnells Law as a staff member.

Juanita was admitted as a Lawyer in 1997, however since then her focus has been on commerce and business, completing a commerce degree and holding the positions of Financial Controller, Dealer Principal and Consultant with Pacific Toyota from 1998 to 2009.

During that time she also served as the CEO and Executive Director of the Cairns Taipans.

"I'm looking forward to developing further the legal expertise I have already and forging a career at MacDonnells Law," she said.

"I've learnt a lot about business over the past eleven years and I believe this awareness will assist me to understand the challenges and opportunities facing clients in their day-to-day business," she said.

MacDonnells Law Partner and current QLS Young Lawyer of the Year, Luckbir Singh, said, "Juanita's business acumen, real world commercial experience and strength of character are attributes that were attractive to MacDonnells Law," and he looked forward to working with Juanita in the coming years.
